

# NEWBURYPORT PROHIBITED TREES SPECIES LIST

Tree Species on this list drawn from sources including Newburyport Tree Ordinance, Newburyport Historical Commission, USDOT list of species native to Massachusetts and other references.

This list of prohibited trees was selected by the sub committee for Newburyport Tree Committee to recommend to the Tree Warden as prohibited for planting in 2006. The prohibited species were selected for negative characteristics including being disease prone, invasive, messy, difficult to cultivate, requiring of expensive maintenance and other reasons.

The field Ordinance Status reflects the current status of the listed plants.

Research sources include UConn Plant List (Individual URLs for each species), Dirr's Manual of Woody Plants, and several other sources.

The web addresses leads to the UConn site which includes fuller information and photographs.
